GEMS

The new **Advanced Program**

from **GYM WORLD INC.**

At Gymworld, our mission has always been to expand children's access and experiences in the sport of gymnastics. We aim to provide children of all ages and abilities with safe and exciting opportunities to participate in gymnastics activities which allow them to develop strength, flexibility, balance and co-ordination as well as concentration, persistence, social skills and self-discipline.

Don't we all want this for our children?

Introducing the New **Gymworld Gems Program!**

This is a contemporary new stream of Gymworld programming available by invitation or assessment only. Blending the best of our advanced (recreational) and competitive programs, the Gymworld Gems allows eager young gymnasts to train in Women's Artistic Gymnastics (WAG) in a way that is more flexible and inclusive than ever before.

Gymworld Gems is ideal for girls who want to learn at an accelerated pace, hone and develop their skills, experience the "team" ethic, and perform their own routines. With extended gym time, additional training sessions, and quality instruction, Gymworld Gems offers the advantages of competitive training within a recreational program.

- ✓ Exceptional, competitive-caliber coaching
- ✓ Flexible training options
- ✓ Additional gym time
- ✓ No additional fees or commitments*

*Excluding the annual \$40 +HST Membership fee, which applies to all children registered in any of our programs
